Now! You Can Select Your Own Premium . . .

with our new

PREMIUM BONUS PLAN

In the past we have said "thank you" by selecting a list of premiums to which our customers were entitled, depending on the size of order and the earliness with which it was received. In order to give you a wider selection of premiums, this year we are letting you use 10% of your nursery order to apply on any nursery item you wish to select, if your order totals \$5.00 or more and if it is postmarked not later than October 1, 1954.

You may take advantage of your Premium Bonus as follows:

If, for example, your order totals more than \$5.00 (say, \$5.50) your 10% Premium Bonus amounts to 55c. *It can not be used as a cash discount.* Instead, you may select another item from the catalog. If its price is 55c or less, your Premium Bonus pays for it in full. If it amounts to more than 55c (say 75c) you simply inclose the additional 20c.

No limit to your Premium Bonus!

There's no limit to how big your Premium Bonus can get . . . you can use 10% of your nursery order as long as it totals over \$5.00. If your order totals \$100, your premium bonus amounts to \$10.00! Our guarantee holds good on all items ordered as Premium Bonus.

Premium Bonus must travel with your order

We must make one condition: Your Premium Bonus selection must be one that can be shipped with your order. In other words, if you order only bulbs, please select bulbs as your Premium Bonus. If you order only perennials, your Premium Bonus should be a perennial. The same for trees or hedges. However, if you order several items (say, roses, bulbs and perennials), you can select a Premium Bonus from any of these categories.

HERE'S HOW TO USE YOUR PREMIUM BONUS:

DO'S

1. Use your Premium Bonus to select additional items (that can be shipped with your regular order).
2. Use your Premium Bonus on any order over \$5.00.
3. Use your Premium Bonus as partial payment on items more costly than your Premium Bonus.
4. Do expect the same high quality as the rest of your order (our regular guarantee applies).

Please indicate your selection of Premium Bonus on your order. If you do not select one, none will be sent.

DON'TS

1. Don't use your Premium Bonus as a cash discount.
2. Don't take Premium Bonus on orders under \$5.00.
3. Don't select items that must be shipped separately (we reserve the right to substitute in this case).
4. Don't accumulate Premium Bonuses. Each must be used on your current order.

Hello again . .

This catalog is a memorable one for me because I am proud to announce the arrival of Edward May, Jr. As he grows older I hope he will take to the seed and nursery business. If so, he will be the third generation of the family in this business and he will be able to carry on the May name. His sisters Annette and Karen are very happy to have a younger brother and they have already asked how soon Edward will be able to join them in singing "Happy Birthday" on my 12:15 noon program.

The anticipation that within a few short years another May will be coming into the business gives me an even greater desire to carefully watch our reputation of supplying the finest merchandise available at fair prices. All of us at the May Seed Company value most highly the confidence and trust you have placed in us and we are not going to jeopardize in any way the faith you have placed in us.

In this catalog we have listed most items we recommend for fall planting. We do not have enough pages in this book to list all items which can be planted in the fall, so if you desire some things which are not listed you can order from our last spring's catalog at the same prices shown in that book.

At the left are the details of our new Premium Bonus. I hope you will take advantage of this new system, and I know you will like it better, for it enables you to choose premiums of your choice.

On behalf of the several hundred people who work at the seedhouse I sincerely wish to thank you for the many fine orders you have sent us.

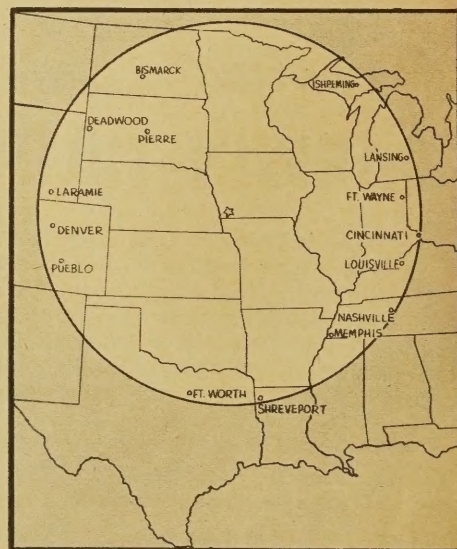

We appreciate your business and will do everything within our power to continue to merit your confidence in the future.

I am pleased to tell you the weather has been conducive to the growing of nursery stock and again the quality of our plants and trees will be the finest available. We ship only the best, and you will be well pleased with the items you order from us.

Edward May

Your Nursery Stock shipped POSTPAID if you live in this circle →

In order to maintain our low prices on nursery stock, we must ask our customers who live over 600 miles from us (see map at right) to add 10% to the amount of their nursery orders only (trees, bulbs, shrubs, hedges, etc.) Seeds and other items, unless otherwise noted, are postpaid everywhere. So, if you live outside the circle at the right, please add 10% to the amount of your nursery order.

YOU CAN ORDER FROM OUR 1954 SPRING CATALOG

While prices on a few things have risen since our Spring Catalog was sent to you, most prices held steady and you can order from it now. If you order any item where there has been a considerable increase in price we will write and tell you about it before booking your order. Anything which cannot be sent to you this Fall will be booked for delivery next Spring and you will be advised accordingly.

Brownell Sub-Zero Hybrid Tea Roses

Brownell Sub-Zero Roses come through winters of 15° below zero without any protection at all. But, if protection of a good mulch is provided, they will winter in areas where temperatures of 15° to 40° below zero are expected. For size, form and colors the Brownell Sub-Zero Roses compare with the best. The blooms are large and, due to extra thriftiness and hardiness, the bushes bloom more abundantly and more consistently throughout the season.
